1. Introduction

Google Business Profile (formerly Google My Business) is a free business listing platform provided by Google that helps businesses improve their online visibility in Google Search and Google Maps. It enables businesses to display essential information such as their address, contact details, operating hours, photos, customer reviews, and services.

Local SEO (Search Engine Optimization) focuses on improving a business's visibility in location-based searches. A well-optimized Google Business Profile helps attract nearby customers, increases credibility, and improves search rankings.

This project demonstrates the complete process of creating and optimizing a Google Business Profile for **Chatore Chauhan**, a café located in Bengaluru.

2. Project Objectives

The objectives of this project are:

- Create a Google Business Profile.
 - Add accurate business information.
 - Optimize the profile using relevant local SEO keywords.
 - Improve business description and services.
 - Add business photos.
 - Maintain NAP consistency.
 - Understand Google Business Profile Insights.
 - Improve local search visibility.

5. Keyword Research

The following keywords were selected to improve local SEO.

Keyword	Purpose
Café in Bengaluru	Primary Keyword
Best Café in Bommanahalli	Local SEO
Coffee Shop Near Me	Local Search
Café in Virat Nagar	Location Keyword
Coffee in Bengaluru	Product
Snacks Café Bengaluru	Product
Tea Café Near Me	Local Search
Family Café Bengaluru	Commercial
Best Coffee Shop	Branding

8. Local Citations (NAP Consistency)

NAP stands for:

- Name
- Address
- Phone Number

Maintaining consistent NAP information across online directories helps improve local SEO rankings.

Recommended citation platforms:

- Google Business Profile
- Zomato
- Swiggy
- Facebook
- Instagram
- Justdial
- Sulekha

Consistency across these platforms increases customer trust and improves search engine visibility.

9. Content Optimization

The following optimizations were completed:

- Added business category.
- Added business address.
- Added cover photo.
- Added business description.
- Added business hours.
- Added services/menu.
- Added location on Google Maps.
- Optimized content with local SEO keywords.

These improvements increase the chances of appearing in Google Search and Google Maps.

10. Google Business Profile Insights

Since the profile was recently created, Google Business Profile Insights are currently unavailable.

Once the profile begins receiving customer interactions, the following metrics can be analyzed:

- Business Profile Views
- Search Queries
- Website Clicks
- Phone Calls
- Direction Requests
- Customer Actions
- Photo Views

These insights help measure the effectiveness of local SEO optimization.

11. Challenges Faced

During this project, the following challenges were encountered:

- Understanding the Google Business Profile verification process.
- Selecting relevant local SEO keywords.
- Optimizing the business description.
- Completing all profile information.
- Waiting for verification before accessing certain features.

These challenges provided practical experience in Google Business Profile management.

12. Results & Benefits

After optimization, the business profile now includes:

- Accurate business information.
- Optimized local keywords.
- Improved business description.
- Professional cover image.
- Better profile completeness.
- Enhanced local search visibility.
- Improved customer trust.

The profile is now better prepared to attract local customers.
